

Hydraulic Spray Pumps

Robust and portable hydraulic airless spray pump suitable for commercial, decorative and heavy industrial coatings.

Electric Hydraulic Spray Pump

TECHNICAL DATA	SM-9800E
MOTOR	ELECTRIC (220V)
TIP SIZE	0.047"
FLOW RATE	9 L/MIN
MAX PRESSURE	220 BAR
DRIVE	DIRECT SHAFT
MOTOR SIZE	3.75 KW
WEIGHT	98 KG
OIL TANK	13 L

Easy to operate & move on site

Extremely user-friendly. Easy to manoeuvre as a stand alone unit.

Long-lasting pump life

Slow-stroking piston adds to long life of the pump.

Diesel Hydraulic Spray Pump

TECHNICAL DATA	SM-9600D
MOTOR	DIESEL
TIP SIZE	0.051"
FLOW RATE	12 L/MIN
MAX PRESSURE	228 BAR
DRIVE	BELT
MOTOR SIZE	4.5 KW
WEIGHT	124 KG
OIL TANK	13 L

Easy to operate & move on site

Extremely user-friendly. Easy to manoeuvre as a stand alone unit.

Long-lasting pump life

Slow-stroking piston adds to long life of the pump.

Petrol Hydraulic Spray Pump

TECHNICAL DATA	SM-9800G
MOTOR	PETROL
TIP SIZE	0.051"
FLOW RATE	12 L/MIN
MAX PRESSURE	228 BAR
DRIVE	DIRECT SHAFT
MOTOR SIZE	6.7 KW
WEIGHT	88 KG
OIL TANK	13 L (AIR-COOLED BY FANS)

Easy to operate & move on site

Extremely user-friendly. Easy to manoeuvre as a stand alone unit.

Long-lasting pump life

Slow-stroking piston adds to long life of the pump.

TriTech T360

245 BAR

Max working pressure: 3600 psi (245 bar)

The T360 is a high quality spray gun that is lightweight and balanced. Made from quality aluminium and stainless steel it has proven to be strong, durable and reliable.

Advantages

Positive shut-off	Reduced hand fatigue
Superior design	1/4NPT inlet ports
In-hand filter (easy access)	Light weight
Built-in hose swivel	2 or 4 finger trigger
Lockable trigger	Wide range of spray tips

Contractor's Airless Spray Tips
Max working pressure: 3600 psi (245 bar)

Cotton Braided Airless Hose
Ideal for electric and petrol spray pumps.
