

## Pneumatic Airless Spray Pumps

### Storm 30:1 Airless Spray Pump

Low volume airless spray machine ideal for low volume solid paints. Used for commercial and fine finish applications.

#### Sizes & Specifications

Pressure ratio	30:1
Flow rate	3.7 LPM
Stroke length	102 mm
Air powered range	2 - 7 bar
Max. working pressure	210 bar

### Storm SX Airless Spray Pump

A Storm SX Spray Pump is an airless paint sprayer that sprays high volume solid content coatings. Because of their high volume output, they are ideal for industrial applications.

#### Sizes & Specifications

SX Pump Series	SX290	SX220	SX180	SX145
Pressure ratio	47:1	63:1	75:1	95:1
Flow rate	18.7 LPM	14 LPM	11.7 LPM	9.3 LPM
Stroke Length	130 mm	130 mm	130 mm	130 mm
Air powered range	2 - 7 bar	2 - 7 bar	2 - 7 bar	2.7 bar
Max. working pressure	329 bar	441 bar	525 bar	665 mm

Anti-icing technology air motor & extreme fluid section.

### Storm King Airless Spray Pump

A Storm SX Spray Pump is an airless paint sprayer that sprays high volume solid content coatings. Because of their high volume output, they are ideal for industrial applications.

#### Sizes & Specifications

SX Pump Series	K290	K220
Pressure ratio	45:1	63:1
Flow Rate	15.8 LPM	12.2 LPM
Stroke length	127 mm	127 mm
Air powered range	1 - 7 bar	1 - 7 bar
Max. working pressure	315 bar	441 bar
